Dear Valued Partner:

The United States Identity Preserved Alliance is pleased to invite you to be our guest at the U.S. Identity Preserved International Summit to be held February 22-24, 2027, at the Grand Nikko Tokyo Daiba in Tokyo, Japan.

We are pleased to provide you, our special guest, with complimentary event registration and up to three nights hotel room for the Summit.

The U.S. Identity Preserved Alliance represents U.S. companies that produce, process, and export high-quality, variety-specific, and specialty ingredients, to customers throughout Japan, as well as throughout Asia and elsewhere in the world.

We anticipate that the 2027 Identity Preserved International Summit will be the most successful yet, with the majority of our U.S. suppliers and exporters of IP crops in attendance and eager to network with you and build long-term customer relationships.

The conference will include technical presentations, case studies and expert panel discussions that represent the entire IP and specialty supply chain. The information provided is sure to add value to your business. We will be announcing the lineup of speakers as they commit, but for now, please see last year's excellent agenda: https://usipsummit.com/past-events/.

Your participation as our valued guest will greatly enrich this event and help guide how U.S. suppliers can better support your future product and sourcing needs. Registration is now open. Please sign up online at https://usipsummit.com/27-attendee-registration/ using the code **INTLGUEST2027** for your free registration.

We look forward to you joining us in February!

Sincerely,

Randy Duckworth

Randy Duckworth
Executive Director
